

Directions to Hams Hall Environmental Centre

Address

Tame Valley Wetlands / Warwickshire Wildlife Trust

Hams Hall Environmental Studies Centre

Hams Hall Distribution Park

Coleshill, North Warwickshire

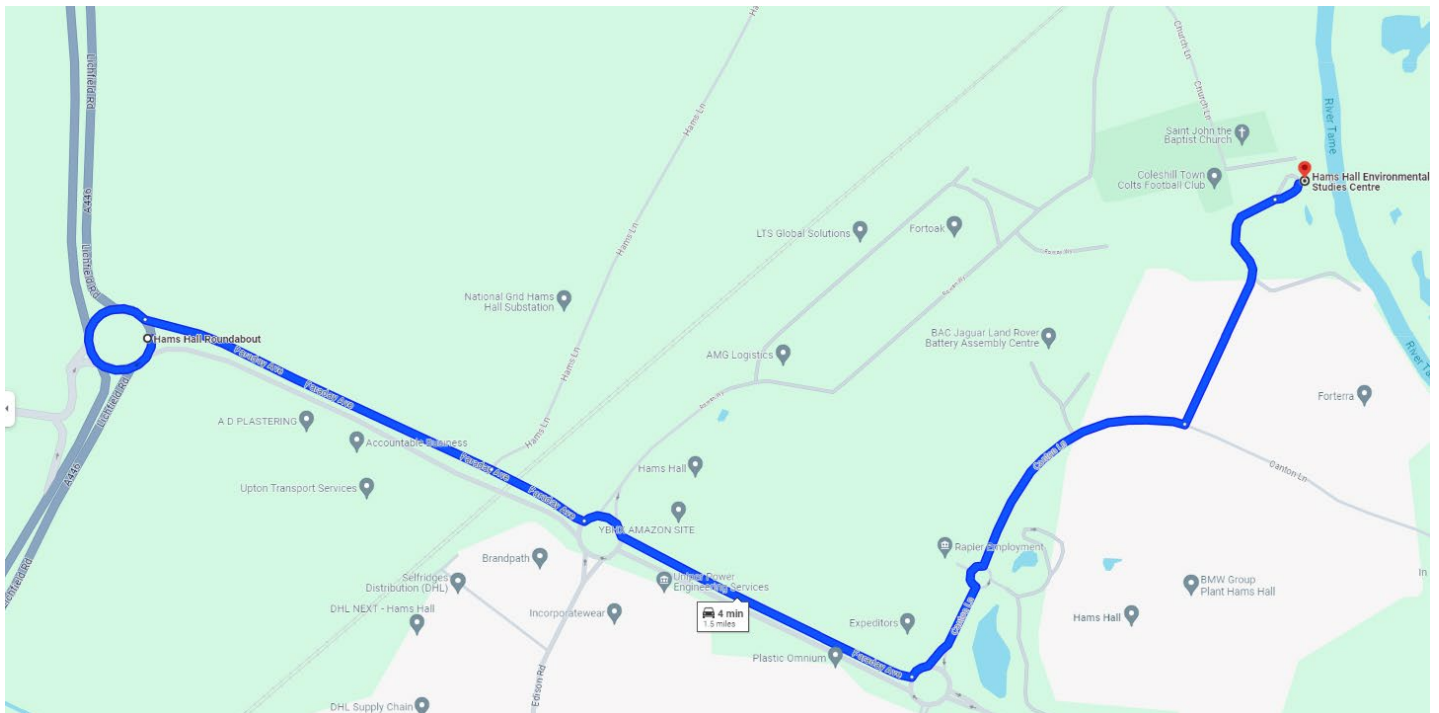

B46 1GA

Directions

By road:

Vehicle access is via Hams Hall Distribution Park:

- The Distribution Park is off the A446 Lichfield Road. The Hams Hall roundabout from the A446 leads to Faraday Avenue.
- Once on Faraday Avenue, go straight over the first roundabout, then at the second roundabout turn left onto Canton Lane.
- On Canton Lane, go straight over the next roundabout with BMW on the right. Follow the road straight on.
- Hams Hall Environmental Centre is signposted at a turning on the left immediately past the Beko industrial unit.
- Follow the small avenue, through a wooden gate on the left. The Environmental Centre is situated in the walled garden to the right following the wooden gate.

Please note your satnav might direct you through Lea Marston village, but access from Church Lane to Hams Hall from this direction is blocked for vehicles. Parking is free on Church Lane, and there is pedestrian access through the small gate to the left of the locked gate – follow the path from the pedestrian entrance; the Centre is on the left after the next gate.

By bus:

Hams Hall is served by X70 – Birmingham – Chelmsley Wood via Castle Bromwich operated by National Express West Midlands <https://nxbus.co.uk/west-midlands/plan-your-journey>

The bus stops on Faraday Avenue. From Faraday Avenue turn onto Canton Lane.

Canton Lane bends around to the right and you will see a sign for Hams Hall Environmental Centre on your left. Go through the metal gate and follow the road. At the bottom go left through a wooden gate and follow the track round to the right. The Environmental Centre is in the walled garden through the tall green gates.

By train:

The walk from Coleshill Parkway train station to the Environmental Centre take approximately 45 minutes. There is a regular service from Birmingham New Street station to Coleshill Parkway.

From the northern side of the railway track follow the pink marked route along Marconi Way until it joins Edison Road. Turn right on to Edison Road and walk past Plastic Omnium on your left and Phoenix Healthcare on your right. At the end of Edison Road turn left and go through the gap by the Emergency Access Road (pedestrian access is permitted). Follow this road as it crosses the river and then bends to the right. Continue and it will bend left and cross a disused railway line. Turn left onto Fishery Lane. There is a small car park there for Ladywalk Nature Reserve. Continue out through the metal gate into the industrial park. Follow the road to the left until you get to a roundabout. Turn left here onto Faraday Avenue.

Keep going on Faraday Avenue until you get to a roundabout. Turn right at the roundabout onto Canton Lane. There will be a tall BMW sign and a pond on your right. At the next roundabout go straight over and continue to follow Canton Lane.

Canton Lane bends around to the right and you will see a sign for Hams Hall Environmental Centre on your left. Go through the metal gate and follow the road. At the bottom go left through a wooden gate and follow the track round to the right. The Environmental Centre is in the walled garden through the tall green gates.

Please note that gates will be locked and access restricted outside of normal office working hours.
